

## A CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

LOOK AT TONGUE! THEN GIVE  
FRUIT LAXATIVE FOR STOM-  
ACH, LIVER, BOWELS.

"CALIFORNIA SYRUP OF FIGS"  
CAN'T HARM CHILDREN AND  
THEY LOVE IT.

Mother: "Your child isn't naturally  
cross and peevish. See if tongue is  
coated; this is a sure sign the little  
stomach, liver and bowels need a  
cleansing at once."

When listless, pale, feverish, full of  
cold, breath bad, throat sore, doesn't  
eat, sleep or act naturally, has stom-  
achache, diarrhea, remember, a gentle  
liver and bowel cleansing should  
always be the first treatment given.

Nothing equals "California Syrup of  
Figs" for children's ills; give a tea-  
spoonful, and in a few hours all the  
foul waste, sour bile and fermenting  
food which is clogged in the bowels  
passes out of the system, and you  
have a well and playful child again.  
All children love this harmless, deli-  
cious "fruit laxative," and it never  
fails to effect a good "inside" clean-  
ing. Directions for babies, children  
of all ages and grown-ups are plainly  
on the bottle.

Keep it handy in your home. A little  
given today saves a sick child tomor-  
row, but get the genuine. Ask your  
druggist for a bottle of "California  
Syrup of Figs," then see that it is  
made by the "California Fig Syrup  
Company."—Adv.

### Inhumanity.

"I am opposed to cruel and inhuman  
punishments," said J. Fuller Gloom. "I  
attended a movie show last night to  
see a picture entitled 'The Fate of the  
Fleed of Potsdam' and beheld the Kaiser  
tortured in a most brutal manner. A  
great deal of the time his anguished  
head and the upper portion of his body  
were shown on the lower half of the  
screen, while the lower part of his  
body and his imperial limbs stranted  
around on the upper half of the  
screen. I should not mind seeing the  
high cross blown from the mouth of a  
cannon, but cutting him in two in the  
middle and compelling him to go  
right on acting seemed to me to be  
carrying vengeance too far."—Kansas  
City Star.

### Inexorable Law.

The law of reaping as we sow runs  
through the universe. The man who  
sows pennies will reap a penny crop.  
The man who sows dollars will reap  
dollars.

Waves, like some men, arrive at the  
seashore in grand style and go away  
broke.

## Don't Go From Bad to Worse!

Are you always weak, miserable and  
half-sick? Then it's time you found out  
what is wrong. Kidney weakness  
causes much suffering from backache,  
lameness, stiffness and rheumatic  
pains, and if neglected, brings danger  
of serious troubles—dropsy, gravel and  
Bright's disease. Don't delay. Use  
Doan's Kidney Pills. They have  
helped thousands and should help you.

### A South Carolina Case

Mr. A. T. Bullard,  
104 Robinson St., Ben-  
nettsville, S. C., says:  
"I suffered three years  
of agony and my kid-  
neys were the cause  
of the trouble and  
kept me in constant  
misery. Pains shot  
from my back to my  
head. I had dizzy  
spells, my body bloated  
and I lost in weight.  
I finally got three  
boxes of Doan's  
Kidney Pills, after  
taking the first box,  
the swellings went  
down. When I had  
finished three boxes, I was cured."

## ARMIES OF ALLIES MAKE STEADY GAIN

NO REST IS GIVEN TO WEARY  
HUNS IN RETREAT BEFORE  
RELENTLESS FOE.

## AMERICANS HOLDING LINES

Italians Attacking and Defeating En-  
emies in Mountain Regions of  
Northern Italy.

Nowhere are the armies of the Teu-  
tonic allies being permitted to rest.  
On the fronts in Flanders, France,  
Italy, Albania and Turkey the enemy  
still continues to lose ground, or is  
being compelled to throw strong re-  
inforcements into his battle line to  
hold back his aggressors.

In Belgian Flanders, the Belgians,  
British and French troops are still  
driving forward, although their speed  
had been somewhat lessened by reason  
of the bad condition of the ground.

The enemy is swiftly evacuating the  
salient between Armentieres and Lens  
and the British now are standing only  
a scant six miles southwest of Lille  
over a front of about four miles be-  
tween Wavrin and Epinghem, at the  
former place having gained a position  
astride the Lens-Lille railroad.

In the mountain region in northern  
Italy the Italians on several sectors  
have attacked and defeated the Aus-  
trians, while in Albania the Austro-  
Hungarians are in fast retreat before  
the Italian armies. Italian cavalry  
is working far in advance of the in-  
fantry, harassing the enemy. The  
Semeni river in western Albania has  
been crossed, and the enemy supply  
center invaded.

In Palestine the Turks have been  
driven far beyond Damascus with the  
British still on their heels harrying  
them.

## OUR AVIATORS AGAIN COVER THEMSELVES WITH GLORY

With the American Army North-  
west of Verdun. The American avia-  
tors again covered themselves with  
glory and performed almost the im-  
possible. Dawn broke with mists  
heavy over the trenches and the coun-  
try across which the Americans were  
to go, and it was hours before the  
weather cleared sufficiently to permit  
of any observation to speak of.

The splendid liaison that marked  
the day's operations was due in great  
part to the work of the aviators, who  
countless times risked their lives in  
reconnoitering, attacking the retreat-  
ing Germans and bringing back re-  
ports. German fliers during the entire  
morning swooped over the heads of  
the American infantry only a few hun-  
dred meters above the earth, using  
machine guns with telling effect until  
driven off.

## AMERICAN TROOPS ARE DOING GOOD WORK ALONG THE MEUSE

With the American Army North-  
west of Verdun. The Americans re-  
sumed the attack west of the Meuse  
and advanced their lines from two  
to five kilometers. They captured  
Hill 240, north of Exermont, and the  
villages of Gesnes, Fleville, Chehery  
and LaForges.

In the face of heavy artillery and  
machine gun fire Illinois, Wisconsin,  
western Pennsylvania, Virginia and  
West Virginia troops have forced the  
enemy back in the Kriemhilde posi-  
tion, south of Foret wood.

## SUBSCRIPTIONS TO LIBERTY LOAN TOO MUCH BELATED

Washington.—The nation is march-  
ing toward its six-billion dollar Lib-  
erty loan goal at just a little more  
than half the speed required to main-  
tain a daily subscription rate of \$315,  
000,000. Bond sales officially tabu-  
lated were announced by the treasury  
as \$555,132,900 or an increase of \$229,  
000,000 in the last 24 hours. At the  
standard rate of \$315,000,000 a day,  
the record by this time should have  
been \$1,575,000,000.

## AMERICAN CASUALTIES ARE SAID TO BE MODERATE

London.—British and French forces  
continued to advance north of St.  
Quentin. They reached the outskirts  
of Bontbrechain after severe fighting.  
The American casualties in the Ar-  
gonne region are described as moder-  
ate. The Germans have been unable  
to maintain their usual artillery fire  
and undoubtedly beginning seriously  
to feel the loss of the large number  
of guns captured from them recently.

## TREMENDOUS EXPLOSION IN JERSEY MUNITIONS PLANT

Perth Amboy, N. J.—Many men  
were killed and scores of others in-  
jured in a tremendous explosion at  
the plant of the T. A. Gillespie Shell-  
loading Company, at Morgan, near  
here.

The number of dead and injured  
cannot be determined until employees  
of the plant answer a roll call in the  
morning. Estimates placed the num-  
ber of killed and hurt at from 50 to  
more than 100.

## GERMAN MARCH TO BERLIN HAS BEGUN

THE GERMAN OFFENSIVE HAS  
BEEN DEFINITELY BROKEN;  
ADVANCE ON ALL FRONTS.

## SEES THE APPROACH OF DAWN

One of Darkest Nights in Human His-  
tory is Coming to a Close; Vic-  
tory No Matter of Doubt.

The German offensive has been bro-  
ken. Germany's conquered prov-  
inces and cities are slipping rapidly  
from her grasp. Allied troops in Bel-  
gium, in French Flanders, in Artois,  
in Champagne and in Lorraine, are  
advancing in country which has been  
German for forty-seven long months  
and all chance of a German return to  
the offensive is gone.

The march to Berlin has begun.  
Cambrai, St. Quentin and Lille are  
only the starting places, but after  
four years no one can fail to see that  
the grand march has started. If the  
road is long the rate of our advance  
is increasing.

One of the darkest nights in all  
human history is coming to a close.  
Victory is no longer even a matter of  
debate. From the North Sea to the  
banks of the Moselle the final ad-  
vance is going forward.

## GERMANS STILL IN RETREAT ON WESTERN FRONT IN FRANCE

Again the Germans are in retreat  
on an important sector of the western  
battle front in France. The scene of  
the new retrograde movement is a  
wide front north and south of La-  
Bassee canal.

The continuation of the entente al-  
lied forces of their brilliant achieve-  
ments in restoring Belgium, Flanders  
and the expulsion of the enemy from  
further territory in France from the  
region of Cambrai to Verdun evident-  
ly has brought the Germans to the  
realization that the great bend in the  
line from Menin to the east of Arras  
is likely to prove another such trap  
as was the St. Mihiel salient unless  
they are fast enough of foot to move  
eastward, giving up Lille, Lens and  
Douai, and straighten their line from  
the vicinity of Cambrai to Belgium.

On all the other six battle fronts  
from Belgium to Verdun the entente  
forces are keeping up their success-  
ful advances.

## DAMASCUS IS TAKEN AND 7,000 TURKS MADE PRISONERS

London.—More than 7000 Turks were  
taken prisoner when General Allen-  
by's forces occupied Damascus, the  
war office announced.

The statement says:

"Palestine—Troops of an Australian  
mounted division entered Damascus  
October 1, the city was occupied by  
the British forces and by a portion  
of the Arab army of King Hussein.  
Over 7,000 prisoners were taken.

"After its surrender, with the ex-  
ception of necessary guards, all the  
allied troops were withdrawn from the  
city for the time being.

## IMPERILED AMERICAN FORCE IS RESCUED BY BRITISH

British Headquarters in France.—  
The contingent of Americans, who  
had been holding out since Sunday in  
a far advanced position between Cam-  
brai and St. Quentin against greatly  
superior enemy numbers, have been  
rescued.

In our attacks around Vendhuile we  
were able to fight through and relieve  
this party, numbering some hundreds,  
who having taken up their position  
Sunday night were surrounded by the  
Germans.

Notwithstanding that they were  
opposed by such superior numbers  
and only possessed the ammunition  
and rations which they themselves  
were carrying, the Americans made a  
magnificent resistance and the ground  
was strewn with German dead.

## LARGE AMOUNT OF MATERIAL IS CAPTURED BY AMERICANS

Washington.—General Pershing's  
communique says that a partial count  
of the material captured during the  
past week by the American troops ad-  
vancing between the Meuse and Ar-  
gonne shows 120 guns of all calibers,  
750 trench mortars, 300 machine guns,  
100 heavy tank guns, thousands of ar-  
tillery shells and hundreds of thou-  
sands of rounds of small arm ammu-  
nition. Only artillery and machine gun  
fire was reported on the front.

## BRITISH ARE FORCED BACK AT ONE POINT BY GERMANS

London.—The Germans have lost  
further ground to the British in the  
outskirts of Cambrai and northwest  
of that city, but northeast of St. Quentin  
the British under a violent counter-  
attack have been forced from the village  
of Sequehart. The enemy attacked  
strongly northeast of St. Quentin and  
succeeded in pressing back our troops  
from the village of Sequehart when  
his progress was stopped.

## AN OPEN GATEWAY TO SWIFT ADVANCE

RECLAIMING NORTHERN FRANCE  
MADE EASIER BY CAPTURE  
OF ST. QUENTIN.

## ENORMOUS ENEMY LOSSES

During Past Two Months Allies Took  
123,618 Prisoners and More  
Than 1,400 Guns.

The town of St. Quentin, upon  
which the Germans had so firmly  
built their hopes of proving an  
insuperable barrier to the allies, at  
last has been entered by the French  
and seemingly the gateway is open  
to Marshal Foch for a swift advance  
eastward in his task of reclaiming  
northern France.

Meanwhile the Germans and their  
allies on all the battlefronts have  
continued to play a losing game, and  
report had it that the Turks, realizing  
the critical situation through suc-  
cessive defeats and the withdrawal of  
Bulgaria from the war, are sending  
out peace feelers.

From northern Belgium to the re-  
gion of Verdun the battlefront is still  
seething with activity on various  
fronts and with the entente forces  
continuing to make gains against the  
Germans which are seriously imperil-  
ing the enemy lines.

In the mountain region of the Ital-  
ian front there has been a consider-  
able increase in artillery activity and  
it is probable that Marshal Foch soon  
will begin an offensive here against  
the Austro-Hungarians.

General Allenby in Palestine has  
surrounded Damascus and French  
cavalry is reported to be working its  
way up the Mediterranean sea coast  
toward Bayrut.

In the recent fighting in France and  
Flanders the German losses in men  
killed or wounded and in guns cap-  
tured have been enormous. To the  
Belgians the Germans lost virtually  
all their forward defensive artillery  
and some heavy naval guns. Many  
men were made prisoner. During Sep-  
tember the British took 66,300 prison-  
ers, 700 guns of all calibers and thou-  
sands of machine guns in addition to  
inflicting heavy losses on the enemy,  
and in August and September took  
123,618 prisoners and 1,400 guns.

## AMERICAN AVIATORS DESTROY MORE THAN 100 AIRPLANES

Washington.—Further advance by  
the American forces along the Meuse  
river and in the Argonne forest were  
reported in General Pershing's com-  
munique, received at the war depart-  
ment. American patrols have passed  
beyond Clerges and are maintaining  
contact with the enemy.

More than 100 hostile planes and  
21 balloons have been shot down by  
American aviators since September  
26, General Pershing said.

The statement follows:

Section A. During the day we ad-  
vanced our lines in the forest of  
Argonne. Further to the east our  
patrols have passed beyond Clerges  
and are operating north of that point  
on the road from Exermont to Ges-  
nes, maintaining contact with the  
enemy.

"In the north our troops are ad-  
vancing with the French and British,  
and participating in their successes.  
"Since September 26, our aviators  
have shot down more than 100 hostile  
planes and 21 balloons.

"Section B. There is nothing to  
report in this sector."

## ANOTHER MOVEMENT STARTED TO INCREASE PRICE OF WHEAT

Washington.—Senators and repre-  
sentatives from the wheat grow-  
ing states and officials of the Na-  
tional Wheat Growers' Association in  
conference here decided to appoint a  
special committee to urge upon Pres-  
ident Wilson immediate action fixing  
the price of wheat for 1919 at \$2.50 a  
bushel.

## GERMAN COUNTER ATTACK BEATEN OFF BY AMERICANS

Paris.—A German counter attack in  
the vicinity of Apremont, on the bat-  
tle front northwest of Verdun, was  
successfully beaten back in the fore-  
noon by the Americans. Otherwise the  
fighting on the American front was  
virtually at a standstill.

The broken roads and destroyed  
bridges are being repaired in order  
that the transport of supplies to the  
front may be continued with greater  
regularity.

## ENEMY TANK MINES NUMEROUS IN AND ALONG BATTLE AREA

With the American Army on the St.  
Quentin front.—Before the American  
advance, the Germans littered the  
country with tank mines, apparently  
anticipating a withdrawal. Scores of  
British-made tanks, many of them  
manned by American crews are co-  
operating in the American advance.  
One of these rolled over a mine and  
was blown up, one casualty resulting  
and the other got through and did  
splendid execution.

## INTERESTING ITEMS FROM THE CAMPS

AN OPEN AIR GYMNASIUM AND  
BAND STAND COMPLETED  
BY NINTH REGIMENT.

## BIG TRACK AND FIELD MEET

Soldiers and Entire Reservation of  
Camp Sevier Have Been Placed  
Under Quarantine.

### Camp Jackson.

Lieut. W. M. Wilkinson of the sup-  
ply company, ninth regiment, third  
brigade, F. A. R. D., has just fitted  
up for his men an open air gymna-  
sium where they may practice and ex-  
ercise every evening after mess and  
at any time during the day when they  
are not engaged in drill and other  
military duties.

The gymnasium consists of parallel  
and horizontal bars rings and a side  
horse. It is all fitted up in first class  
style and is a modern gymnasium in  
the open air.

The Ninth regiment has also just  
completed a band stand where band  
concerts may be held and the stand  
may also be used for public speakings  
whenever needed.

The topographic school has opened  
headquarters just across the street  
from the Y auditorium and have just  
finished the work of beautifying the  
grounds in front of the headquarters  
building. A number of pine trees have  
been set out and a rustic trellis has  
been built, which leads to the main  
entrance of the building. At the end  
of the trellis is a rustic summer  
house of beautiful design.

Camp Jackson will have the biggest  
track and field meet October 5 it has  
ever had. This meet will be bigger,  
even, than the great Fourth of July  
meet.

As a preliminary to this October  
meet track and field exercises are be-  
ing held in each battery. This is for  
the purpose of selecting men for the  
big meet and also for the purpose of  
training the men thus selected for en-  
try in the big meet.

The camp athletic schedule, recent-  
ly planned and drawn up by Frank M.  
Dobson, camp athletic director for  
Camp Jackson, is the biggest and most  
complete schedule of athletics ever  
put on in any army cantonment. By  
this plan practically every soldier in  
the camp will have the opportunity of  
taking part in some branch of ath-  
letics.

### Camp Sevier.

Camp Sevier, Greenville.—Walter  
Barbare, well known baseball player  
of the Southern and American leagues,  
has been assigned to Camp Sevier as  
physical secretary for the Army Y. M.  
C. A. Mr. Barbare will be placed in  
charge of the physical and athletic  
work at one of the Y. M. C. A. units.

Coach Blythe of the Bailey Military  
Institute has also been assigned to  
this camp for a physical secretary-  
ship with the Y. M. C. A. Both he  
and Barbare recently entered the "Y"  
service.

Capt. Spencer E. Bomar, who was  
division exchange officer for the 30th  
Division at Camp Sevier last winter,  
and who was recently tried before a  
court martial on charges resulting from  
certain alleged irregularities in the  
accounts of the division exchange, has  
been exonerated from all blame.

The 20th Train headquarters and  
military police, for the new 20th Divi-  
sion, is now in progress of organiza-  
tion under the command of Col. Louis  
J. Van Schaick.

Soldiers and the entire military re-  
servation of Camp Sevier was placed  
under quarantine on account of the de-  
velopment of the first suspected cases  
of Spanish influenza in camp. The  
quarantine will remain in effect so  
long as the authorities consider there  
is danger of a possible outbreak of  
the malady.

Permanent wooden barracks will be  
constructed for the depot brigade at  
Sevier. The cost of the new buildings  
is provided for in an appropriation of  
approximately \$2,500,000, authorized  
for construction work at Camp Sevier.

### From Cotton to Pasture.

Harvin.—Except for the scarcity of  
labor cotton harvesting is progressing  
satisfactorily. The weather has been  
ideal and fully 50 per cent of the crop  
is picked and ginned. Despite the  
high price of wire fencing many of  
the larger farmers hereabouts are pre-  
paring to enclose much of the area  
heretofore given to cotton to be con-  
verted into pasture lands for hogs  
and cattle. Agitations of the cotton  
price fixing is ruining the industry and  
thousands of acres planted to cotton  
will go into grass and pasture lands.

### Illiterates Learn to Write.

Camp Jackson.—Much has been  
done and is being done by the Y. M.  
C. A. at Camp Jackson in the educa-  
tion of the illiterate soldiers who  
come into the army. The foreign born  
so called illiterates may or may not  
be able to read and write their native  
tongue. Some of them are well edu-  
cated in their own language and this  
class as a general thing learn to read  
and write English readily. The Amer-  
ican born illiterates learn to write  
a simple letter to the folks back home  
within from three to four weeks.

## WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's  
Change from Weakness  
to Strength by Taking  
Druggist's Advice.

Peru, Ind.—"I suffered from a dis-  
placement with backache and dragging  
down pains so badly that at times  
I could not be on  
my feet and it did  
not seem as though  
I could stand it. I  
tried different  
medicines without  
any benefit and  
several doctors  
told me nothing  
would do me any  
good. My drug-  
gist told me of  
Lydia E. Pink-  
ham's Vegetable  
Compound. I took  
it with the result  
that I am now well  
and strong. I get  
up in the morning at four o'clock, do my  
housework, then go to factory and work  
all day, come home and get supper and  
feel good. I don't know how many of  
my friends I have told what Lydia E.  
Pinkham's Vegetable Compound has  
done for me."—Mrs. ANNA METERIANO,  
36 West 10th St., Peru, Ind.

Women who suffer from any such ail-  
ments should not fail to try this famous  
root and herb remedy, Lydia E. Pink-  
ham's Vegetable Compound.

No Special Standing.  
An American woman who is a Y. M.  
C. A. worker in London vouches for  
the following story:

A newly arrived American sailor  
met a first-draft friend at the Eagle  
but in the Strand.

"Hello, Jake!" said the former. "I  
suppose now that you're living in Lon-  
don, you're meeting quite a lot of titled  
ladies?"

"Huh!" replied Jake; "you don't  
meet them sort—why, they wait at table."
